

### **Project Management**

*Advanced Technical Certificate | Code: C6004 | 18 Credits*

**CIP** (0652020968)

**Effective Term:** Fall 2024 (2247)

Supply chain management is an interdisciplinary field that emphasizes cross-functional integration of diverse business functions, facilities, and activities and seeks to manage those activities to enhance a company's competitive advantage. The *Advanced Technical Certificate* in Project Management will prepare students to plan, coordinate, and execute the supply chain-related projects within an organization. It emphasizes a systematic approach to planning, scheduling, control, design, evaluation, and leadership of projects in an organization.
